## HIGH PERFORMANCE

Renew material is formulated to remain brilliant through the use of cutting-edge UV and anti-microbial additives, plus vigorous testing for weldability, chlorine, and abrasion resistance.

## SUSTAINABLE

Just one average sized liner fabricated with ReNew material prevents over 150 lbs. of plastic from entering the waste stream.

## CERTIFIED

ReNew is the only pool film rigorously certified by SCS Global, a world-class leader in third-party certification, validation, and verification for environmental, sustainability, and quality performance.
